- AWS
- Express
- MongoDB
- Bootstrap
- Node.js/npm
- Heroku
- APIs
- Apache

EDUCATION

UPenn LPS Coding Bootcamp

January 2019 - July 2019

This program is a Full-Stack Development bootcamp which has helped me greatly expand my repertoire and develop my skills as a programmer and collaborator.

SOFT SKILLS

I have had great experiences working in groups, both as a leader and as support. I am comfortable with public presentations, and am confident in my ability to communicate clearly and thoughtfully with others.
